

Bonjour

My approach connects creativity and realism :
I evaluate the feasibility of an idea while
preserving its creative potential, then developing
it into a coherent and functional solution.

Over the past 5 years, I have gained solid
experience working on large-scale theme park
projects around the world.

EXPERIENCE

2026

Florian Maier Design

Architect & Theme Park Designer (Freelance)

Providing tailored design and consulting
services for theme parks and leisure venues,
specializing in masterplanning, attraction
design, and architectural conception from
initial vision to functional solutions.

2021 - 2026

Atelier F

Architect & Theme Park Designer

Worked on large-scale international
projects across Europe, China, and the
UAE, developing masterplans, architectural
concepts, attraction design, storytelling,
Concept Design and Art Direction.

2017

Universal Rocks

Field Internship

Assisted with art direction on site by guiding
workers, translating design concepts into
field execution, and supervising decorative
rockwork.
